Himalayan Animal Licking Salt

Offering Best Himalayan Mineral Salt for your Animals. The distinctive pink color comes from the salts mineral content Such as Iron, potassium and magnesium, which are vital for maintaining health of Cows/sheep/goats horses, all have a very well defined appetite for sodium chloride (SALT) only surpassed by the need for water. Because the majorities of plants do not provide sufficient sodium for the livestock/horses needs and may lack adequate chloride, salt supplementation is a vital part of any animal's nutritional requirement

Rock Salt For Commercial And Industrial Uses

RSC 01

Rock salt

Rock salt, a commercially and industrially valuable mineral, is primarily used in metal processing, chemical manufacturing, and de-icing roads. It's also a key ingredient in producing various chemicals like soda ash and caustic soda, and in textile dyeing. Additionally, rock salt plays a role in oil and gas drilling, water softening, and food processing.

RSC 02

Deicing salt / Road salt 2 – 10 mm High purity salt

When applied to snow or ice, salt lowers the melting point of the Mixture.

Thus, large amounts are used in Northern climates to rid streets of Accumulated snow and ice.

RSC 03

Salt for water softening Water softener salt

Pure salt and a typical of 99.8% sodium chloride, virtually 100% water soluble , helps eliminate brine tank clean out necessitated by Insoluble material.
